Note: The maps on the following pages are sized to fit the page and so are not drawn to scale with each other.

Welcome to the United States of America!

This raised line map of the U.S. with large print and Braille state abbreviations can be used by students of various abilities, making it ideal for inclusive learning classrooms. Students with all levels of vision can use this tool to learn where each state is on the map and how each state connects to one another. Alaska and Hawaii are placed in their appropriate locations to reduce confusion, helping students understand where these states are situated.

Suggestions for Exploration and Identification

- Detect state borders
- Find each state on the map
- Find your home state and its neighbors
- Identify where individual states are in relation to others
- Determine how to get from one state to another
(list all states you must pass through)
- Find Hawaii and Alaska
- Learn about regions within the country
- Compare the size of different states
